THANKS for joining us!

Congratulations and thank you for your participation in the 2015 St. George Marathon. Your support of our event and our community means a great deal to us, and we hope that we will have the opportunity to have you join us again for our 40th Anniversary in 2016.

For the second time in the 39 year history of the marathon, both male and female overall winners are residents of St. George. Aaron Metler, with a time of 2:19:30, and Amber Green, 2:43:14, are now three time winners of the race. James E. Beyer from Dayton, Ohio and Jessica Stanford from Draper, Utah topped the Masters field of runners.

Our Open and Masters winners will lead our delegation to Ibigawa, Japan this November.

Five age group records were set this year including Kacey Z. McCallister of Monmouth, OR set the record for Men's Wheelchair at 1:16:24, beating his old record of 1:16:52 set in 2014 by 28 seconds; Jerry Young of Providence, UT set the record for Men's Hand Cycle at 0:54:20; Dane D. Cobb of North Las Vegas, NV set the Men's 14 & Under record at 3:16:49; Megan Gutke of Mapleton, UT set the Women's 15-18 record at 3:22:06; and Vera L. Vann-Wilson of Blue Diamond, NV set the Women's 80+ record at 6:07:44, this was her 13th consecutive year finishing our race since 2003.

We added 111 runners to the 10 Year Club this year, 20 runners to our 20 Year Club, and 7 runners to the 30 Year Club. Debbie Zockoll continued her consecutive streak which is now at 39 years. There are now 1,505 runners who have been inducted into this prestigious club. We are forever grateful to you wonderful, committed runners who have made St. George a big part of your lives.

We aren't perfect yet, but we aim to be and hope that each year we are better than the year before, providing each of you with a high value, quality experience. Thank you again for choosing to run the St. George Marathon.

We just received exciting news. **CNN listed the St. George Marathon as one of 7 U.S. marathons worth the trip.** We are always pleased with this type of recognition, but if you had a great experience and shared that with someone, then that becomes our most valuable and appreciated kudo.

Please join us next year as we celebrate 40 years of running, on October 1, 2016. Best wishes for a great running year from our staff and volunteers.

OVERALL MALE AARON METLER

Michigan native and Utah transplant, Aaron Metler, once again achieved success at the 2015 St. George Marathon. This was his third win at the event and the second consecutive win in the Overall Male category. Metler won in 2010 and in 2012 and 2013, despite injuries, he still showed up in 6th place. A true trooper.

“This 39th running of the St. George Marathon was particularly sweet because I have now won back to back marathons in St. George in 2014 and 2015,” said Metler. “That is unusual because marathons are so unpredictable and I was coming off another injury – a broken collar bone. I was honored to win again.”

Although a long time runner and founder of the University of Michigan running club, Metler had not tried marathon distance running until taking a position with the City of St. George Recreation Department in 2008. With one foot in marathon administration, as well as in the running community, he says the first Saturday in October is a pinnacle for the staff as much as the runners with everyone pitching in no matter what their ‘day job’ is.

“It was the community’s passion for this race that motivated me. To see how this city is invested in a great marathon and its pride in making it the best, you just feel left out if you’re not a part of it.”

OVERALL FEMALE AMBER GREEN

St. George's local speedster, Amber Green was the first woman across the finish line again this year. This was her third first place win, following her overall titles in 2014 and 2012. She came in 2nd place in 2013; remarkable, because of her grueling training schedule to qualify for the Olympic trials in 2016.

And if her training schedule were not enough, Green is the mother of three very energetic boys, ages 11, 9 and 7 and teaches some fitness classes at the Summit Athletic Club in St. George. "My husband is a great supporter. I could never train at this level without his help," she said.

"I love to run the St. George Marathon because this is my hometown, my favorite course, my favorite race, my favorite everything," Green said.

She is now looking to qualify for the Olympic trials. "I'm just excited about the idea of getting a chance to race with those amazing women who will represent the U.S. in the Olympics."

MASTERS MALE JIM BEYER

Jim Beyer started marathoning just before he turned 40 but certainly made up for lost time. He has run a total of 35 marathons in just eight years, including Boston the year of the bombing.

"I have always been a runner but decided it was time to try marathoning," said Beyer. "I am pleased to report that I ran my fastest marathon ever at St. George 2015 by a whopping 15 seconds! The St. George Marathon is a unique experience as you start in the darkness surrounded by the volcanic rock. At first some of the downhill grades hurt, but once you get your rhythm they help."

Beyer's other notable accomplishments include four marathon victories and several masters marathon championships.

"My most memorable victory was the 2013 Air Force Marathon in my home town, Dayton, Ohio, where I practice patent law and live with my wife and four children. It was a race that I came close to winning for years and then, I won!"

"I was thrilled to participate in the St. George Marathon this year. I would say there are only a few 'must do' marathons in the country and St. George is one of them. I cannot imagine another like it. There is fantastic country you run through. It is dark and pretty quiet for a while when you start and then when the sun comes up the beauty of the surroundings is revealed."

MASTERS FEMALE JESSICA STANFORD

Jessica Stanford grew up in a small farming community in the state of Iowa. She relocated to Utah in 1990 to attend the University of Utah. A friend suggested Jessica run the 1991 St. George Marathon. With a few months before the race, she trained and finished the marathon in 3:35:41.

Stanford continued to run recreationally during the next 20 years, while attending college, teaching 6th grade students, and raising her seven sons. During this time, her best marathon time was 3:07 at the 2001 Top of Utah Marathon in Logan, Utah. Jessica says running helped her recharge her 'mom batteries.'

"I am very happy where my running has taken me," said Stanford. "It allows me to break away from all other activities and stimuli that goes on all day long and puts me in a better state of mind for whatever life throws at me. It takes you to a different place even if you are just running for recreation."

In 2013, Jessica moved to Draper, Utah. A mutual friend told her to contact Michelle Simonaitis, who also lived in Draper. Michelle introduced Jessica to running coach, Demetrio Cabanillas. During Jessica's and Demetrio's first run together, he asked Jessica how many miles she was running. She replied, "I'm running about 25-30 miles a week." Demetrio laughed and said, "If I were running only 25-30 miles a week, I'd be fat and out of shape! We need to get your mileage up!" Demetrio gradually increased Jessica's mileage until she was running 80 miles a week.

With Demetrio's coaching and Michelle as a running partner, Jessica's long distance race times improved and she won the 2014 USATF - Utah Race Circuit women's master runner and 2nd place in the women's open division. She achieved a personal record at the 2015 St. George Marathon with a race time of 2:59:27.

HANDCYCLE MALE JERRY YOUNG

Jerry Young just keeps getting better. In his fifth St. George Marathon, he set yet another record for himself and for the course, crossing the finish line in 00:54:19. He has learned, every second or fraction of a second counts and that is how he trains. “The conditions were great this year as well with perfect weather and a light tailwind.”

“I love the St. George Marathon. It’s a fun party for the family to come down to,” said Young. “It is a well produced event with a fast course with beautiful scenery. Most importantly the course is well suited for hand cycling.”

The Providence, Utah, resident is a proven racer in the U.S. Para-cycling Circuit which requires athleticism in varying lengths, time trials, road races and criterium (short circuit course). It also pits him against Olympic caliber hand cyclers who are as physically aggressive as their able-bodied counterparts – as evidence by the barrel roll Young took after being knocked out of a criterium pack. He started that season strong placing in the top three in competitions, but was unable to accomplish everything he wanted due to “a dip in training and events” as he helped a family member recover from an accident.

Whether he is facing a full schedule of races at a circuit event or the volcanic slopes of the St. George Marathon course, Young attacks each race with the same determination. “Each time you give it your all. The marathon is a little bit longer than a typical time trial, but I treat it the same. Regardless, I try coming across the finish line on empty.”

WHEELCHAIR MALE KACEY Z. McCALLISTER

McCallister, once again, succeeded in breaking his own PR and winning the 2015 St. George Marathon Wheelchair division in a remarkable 1:16:24, a full 28 seconds faster than the blistering speed he achieved last year. This surpasses the course record he set in 2014, which was his first time on the course.

Training for the St. George course on the rolling hills of his home state of Oregon, McCallister had reached speeds in the low 40s but to achieve these two wins required speeds approaching 50 mph.

"It was thrilling to realize at the end not only had I won but my training had paid off by giving me the trifecta of a course record, a personal record and back to back wins," said McCallister. "The nature of this course with twists and turns, steep grades and road markers requires intense concentration the entire time, so that is always my focus."

He had raced in high school and at the University of Arizona, but had not given it much thought after serving an LDS mission and settling into the demands of work and family. About a year ago, he decided it was time to "pick it back up and get active again". Since that time, he has raced six marathons including Boston. He is now setting his sights on the Paralympics and entering a new tier of competition.

The fact that he found the St. George Marathon came as a result of researching races that didn't require Sunday competition and then, the selling point was the 2560 foot drop in elevation over the course. "I really loved it and to pound down a marathon at these speeds is pretty amazing," he said. "St. George has everything I wanted in a marathon."

HANDCYCLE FEMALE **LISA CHANDLER**

Lisa Chandler, is originally from Maryland but has been residing in Salt Lake City, Utah for 5 years. After her spinal cord injury, which left her chair bound, she realized that she needed to stay active to avoid many health issues which come with inactivity and get her weight under control. Besides racing in the hand crank division, Lisa also trains for Nordic skiing, and fences.

“With all the technology around now, nothing should stop you from participating in sports,” said Chandler. “The equipment can be pricey but it is money well spent and there are grants available for those in this condition.”

Chandler has been racing in marathons and bike races for many years, although she took a few years off (2012-2015) after major surgery and just dove back into it this year. She chose the St. George Marathon because it is one of the races that accommodate chair bound athletes.

“I love coming down for the St. George Marathon. The organizers put on a great show and the volunteers are awesome. You can tell the vibe is awesome and hope that they will allow us to participate for many years to come. I look forward to coming back next year to try and shed some time off. That was the goal this year as well and I was successful.”
